Hypnotherapy & Numerology for Healing

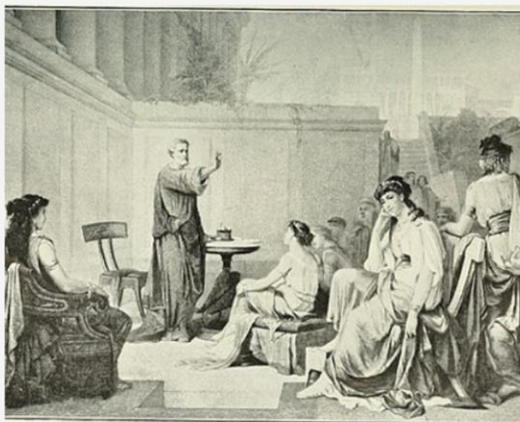

WHO IS PYTHAGORAS?

Written by Donetta Huffman

You may know Pythagoras as the classical Greek philosopher and mathematician remembered for the Pythagorean theorem, but he is also celebrated as the “Father of Numerology.” Born on the Greek island of Samos, Pythagoras was fascinated by astronomy, recited Homer, and greatly influenced the thinking of Plato and Aristotle.

In 2022, I had the incredible opportunity to travel to Greece and spend a week in Samos. One of the highlights was hiking up the mountain to the caves where Pythagoras is said to have hidden while persecuted for his beliefs. Standing in that historic place was a life-changing experience for me—one I’ll share more about later.

What excites me most in my years of research is discovering that Pythagoras founded a pedagogical institution unlike any other in classical Greece. This school accepted both male and female students, as well as people of all races and religions—a progressive concept for its time. I honor this early numerological academy by adopting its name, which translates to “semicircle,” as the trademark for my books and the emblem on my numerology cards.

ABOUT ME:

I have been practicing as a master numerologist for over 35 years. From a young age, I began experiencing vivid memories of past lives, one of the most profound being as a student of Pythagoras—the father of numerology. Subsequent regressions have provided even deeper insights into that lifetime. These experiences have instilled in me a profound loyalty to Pythagoras and his original teachings. The sacred knowledge I carry from that time continues to guide my personal sessions, classes, and written works.

In addition to my work in numerology, I am a trained clinical hypnotherapist specializing in Past Life Regression. I am also the creator of the Semi-Circle Numerology Cards—the only numerology cards currently available—first published in 2012.

During the 2020 lockdown, I revisited decades of notes and unpublished material, resulting in the publication of 27 books. Each one is filled with insights designed to inspire, guide, and empower readers to reach their highest potential. My books are available on Amazon and through my website.

Outside of my professional life, I am a proud mother of four and grandmother of four. I have been happily married to my husband, Dan, since 1984. I enjoy history, travel, design, music, and time spent with family.

I look forward to sharing this journey with you and helping you make divine connections.
