Awakening a New Cycle

Written by Donetta Huffman

March 2026 carries powerful fresh-start energy. As spring begins (March 20), we move into creativity, courage, and heart-centered growth.

March: Creative 3 Energy

As the 3rd month, March carries creativity, communication, and optimism. Combined with Year 1, the message is clear:

Start something that expresses who you truly are.

Great month to:

- Launch a project
- Refresh your image
- Write, teach, or speak
- Network and collaborate

Spring Equinox – March 20 (6 Energy)

The equinox reduces to a 6 vibration — harmony, love, and responsibility.

New beginnings must align with your values. Balance ambition with self-care.

Theme: Joyful Courage

Expect fresh ideas, social energy, creative restlessness, and motivation to declutter and begin again.

WHAT'S IN THIS MONTH'S ISSUE:

- Awakening a New Cycle
- March Specials

Reflection Questions:

1. What is ready to emerge?
2. What have I been holding back?
3. Where can I be more visible?
4. What would I start if I trusted myself?

Simple Alignment Ritual:

- Clear one physical space
- Act on one creative idea within 72 hours
- Connect with three uplifting people
- Spend time in sunlight daily

Closing Message

Year 1 says: **Begin.**

Month 3 says: **Express.**
